

General Motors

GM 9330P	Foam laminate curl test
GM2705	Zippers
GM2719M	Sewing threads
GM6090M	Flammability of materials
GM9033P	C/fastness to crocking (rubbing)
GM9070P	Flammability - horizontal.
GM9127P	Resistance to tuft removal or loop pullout of floor coverings
GM9130P	Test for resistance to odour of textiles
GM9133P	Resistance to water spotting, finish disturbance, salt water staining and discolouration
GM9139P	Lint pickup and lint retention of textiles
GM9140P	Cold Cracking of Interior Vinyl Materials
GM9214P	Staining of Trim Materials
GM9231P	Hydrolytic stability
GM9305P	Determination of fogging characteristics of automotive trim materials
GME60258	Accelerated aging for elastomers
GME60266	Resistance to Cleaning Agents
GME60269	Abrasion Resistance of Painted Plastics
GME60271	Release of formaldehyde
GME60275	Resistance to Perspiration
GME60276	Odour
GME60292	Colourfastness to Artificial Light
GME60301	Mass
GME60302	Softness of Trim Materials
GME60303	Thickness of Trim Materials
GME60305	Stretch Set of Textiles And Leather cloths
GME60306	Low temperature resistance of trim materials
GME60307	Temperature Stability of Trim Fabrics
GME60325	Tensile Strength of Body Trim
GME60326	Fogging of Trim Materials
GME60329	Thread Tear Out Of trim Materials
GME60331	Pilling resistance of upholstery materials
GME60334	Tear Strength of Textiles And Coated Materials
GME60341	Seam Strength of Trim Materials
GME60342	Compression characteristics of cushioning materials under static stress
GME60344	Upholstery materials. Electrostatic prop. By surface resistance
GME60368	Abrasion Resistance of Artificial Leather
GMI 60261	Flammability of interior trim materials
GMI 60275	Perspiration resistance. Not t51x type test
GMP.PP.092	Polypropylene expanded bead foam
HN 0020	Determination of fogging characteristics of automotive interior trim materials

HN 0025	Wear Resistance of Vinyl Materials
HN 0028	The determination of mildew growth and odour on trim materials
HN 0043	Plasticiser migration of vinyl film materials
HN 0044	Thickness determination of trim materials
HN 0054	Tear strength of knitted and non-woven textile materials
HN 0057	Cleanability of trim materials
HN 0058	Hydrogen sulphide staining resistance of vinyl materials
HN 0059	Resistance to Marring or Scuffing
HN 0068	Colourfastness to light of trim materials
HN 0084	Determination of wear resistance of trim materials (Taber abrasion)
HN 0090	Seam strength of trim materials
HN 0091	Resistance to odour
HN 0097	Salt spray test - neutral
HN 0121	Cleavage peel test pressure sensitive tape
HN 0184	L.t.m. test methods for organic finishes
HN 0184	Test methods for organic finishes
HN 0200	Perspiration resistance of interior trim materials
HN 0216	Compression and recovery of automotive textile materials
HN 0235	Paint mar test "Gardner" wear tester
HN 0239	Heel Pad Floor carpet Bond strength
HN 0245	Determination of resistance to abrasion
HN 0256	Humidity [100% relative]
HN 0270	Subjective rating scale
HN 0276	Accelerated weathering. QUV cabinet
HN 0278	Water soak
HN 0279	Cross hatch adhesion test
HN 0287	Scratch Resistance [Erichsen] of Interior Parts
HN 0288	Dimensional Stability of Laminated fabrics
HN 0290	Elongation and Stretch Set of Automotive Fabrics
HN 0291	Stretch Set of Auto Fabrics [Lear Method]
HN 0720	Subjective rating scale
HN 1036	Flexible foam polyether polyurethane
HN 1108	Paint on exterior metal & plastics
HN 1218	Thread - sewing
HN 1307	Durability Requirements for Exterior Plastic Parts
HN 1311	Durability Requirements for Interior Parts
HN 1340	Closed cell sponge tape and gasket material
HN 1438	Plastic transfer - interior and exterior trim
HN 1555	Film adhesive - pressure sensitive acrylic
HN 1566	Bodycloth - 100% polyester knitted
HN 1597	Body side mouldings attached by adhesive tape or urethane adhesive
HN 1602	Paint for interior plastic parts
HN 1664	Basecoat/clear coat enamel for exterior plastic parts
HN 1799	Engine hood silencer pad
HN 1831	Sprayable primer PVC
HN 1868	Carpet materials- floor
HN 1890	Polyurethane for Exterior Mouldings to Acrylic Enamel

HN 1894	Adhesive - water based - synthetic rubber
HN 1898	Body cloth -100% polyester-woven
HN 1911	Moulded sound insulation material
HN 1928	Polyurethane for glass encapsulation
HN 1977	Foam - polyester polyurethane
HN 2022	Sound deadening mat
HN 2034	Felt-thermo-bonded fibre
HN 2160	Instrument panel pad assemblies Honda method
HN 2175	Fabrics for Auto Interiors - Specification
HN 2201	Adhesive Bonded Rails to Sliding Glass Performance Requirements
HN 2206	Finished leather: Specification
HN 2290	Safety/warning label
HN 2371	Material specification - label - windscreen, removable type
TM 1233 97	Stretch, set, & modulus of seating fabrics
TM 213800	Velours carpet in two types
TM 224100	Needle fleece in two types
TM343700	Specification foam artificial leather
